Composite Score			Percentage Below		SCORE VALID UPTO FEBRUARY 2021		 02/27/2021		
450.50			22.49						

Management Aptitude Test and Test Scores

- The Management Aptitude Test (MAT) is designed to measure the aptitude of a candidate for pursuing management education and should be used only for this purpose.
- MAT is administered in five sections: Language Comprehension, Mathematical Skills, Data Analysis & Sufficiency, Logical Reasoning, and Reading & Writing. Each section is designed to measure a different skill set and the number of questions administered in each section may vary.
- MAT administration may have different questions. This may occur if the test is more difficult or less difficult than the previous year. Changes have been used to take care of these differences.
- The scaled scores reported are standardized scores for respective sections. These scores are reported on a scale of 0 to 100. Extra marks below 15 or above 95 are not reported.
- The percentage below column indicates the percentage of candidates in the test who scored below that of the candidate in the section.
- The Composite score is an overall score based on the best scores in all sections of MAT. This score will be reported on a scale of 0 to 600.
- The percentage below for the composite score represents the percentage of candidates who scored below that of the candidate. The composite score has a validity period of one year.
- All scores and percentage below figures are reported after rounding off to the nearest whole number.
- For any data as required by the candidate.

NOTE TO INVIGILATOR: Part "B" of Admit Card (below the dotted line) must be detached and given to the candidate with your signature and test centre stamp.
